International Oat Conference

Crown Perth, Burswood Western Australia

10th – 13th October 2022

The Grain Industry Association of Western Australia (GIWA) Oat Council and the International Oat Committee invite you to attend the 11th International Oat Conference in Perth, Western Australia.

Field Tour – Monday, 10th October (optional)

Conference Registration and Welcome – Monday, 10th October

Conference – Tuesday, 11th to Thursday, 13th October

IOC Meeting – Thursday, 13th October

Workshops – Dates to be confirmed

Workshops and Social Program available for attendees and partners.

Participating in the 11th International Oat Conference **OAT2022** run by the Grain Industry Association of Western Australia will bring you to stunning Western Australia, which offers an incredible range of unique experiences, natural beauty and adventures.

The capital of Western Australia, Perth, is a sophisticated and vibrant multicultural Indian Ocean beach and river city with a population of two million people. Western Australia's major oat growing regions are east and southeast of Perth city, easily accessible within a two hour drive. October is spring time in Western Australia, approximately four to six weeks prior to the start of the oat harvesting season.

The **OAT2022** Conference will be held at **Crown Perth, Burswood, Western Australia**. Located on the picturesque banks of the Swan River, just minutes from the Perth CBD and both domestic and international airports. Crown Perth and the surrounding entertainment precinct is renowned for its' world-class sporting and entertainment facilities, premium restaurants and range of accommodation options. Participants in **OAT2022** may choose to stay onsite at Crown Perth, or make independent arrangements at other nearby hotels or serviced apartments.

International Oat Conference

Perth, Western Australia

10th – 13th October 2022

Held every four years around the world, the **International Oat Conference** will be held in Perth during October 2022. The theme is 'Health and Nutrition' and a draft sessions outline is below.

1. Health trends in oats

- Oats as a health and nutrition package – elements and opportunities.
- Value adding oats for health, nutrition and flavour.
- Coeliac friendly oats.

2. Oat quality products and innovation

- Production development and innovation.
- Oats as additives or alternatives in accessing new markets.
- Consumer preferences.
- Processing technology.

3. Oat genomics and bioinformatics

- The oat genome – knowns, known unknowns and unknown unknowns.
- Public and private Omics resources to accelerate delivery in oat improvement.
- Genomics and bioinformatics platforms.
- Food crop genomic advances – insights and opportunities for oats.

4. Oat breeding and genetics

- Oat genetic gain – where are the boundaries and opportunities?
- Breeding systems – thinking big in breeding method and approaches.
- International germplasm.
- Genetic diversity.

5. Global oat markets – production, trade and consumption

- The path from humble grain to Asian food phenomenon.
- Beyond the land of milk and honey – what's next for European food oats?
- Re-making the flake – oat trends and opportunities in the Americas.
- Oats in the hay and forage trade.

6. Oat agronomy and global farming systems

- Re-positioning oats in changing farming systems.
- Advances in oat agronomy.
- Identifying and overcoming constraints to economic oat production.
- Oat fodder.

7. Crop protection in oats – meeting weed, disease and pest challenges head on

- Constraints to reliable production of high-quality oats.
- New approaches in crop protection.
- Emerging threats and opportunities in oat production.

8. Crop physiology and stress tolerance – pushing the boundaries of oats for yield and quality

- Ideotypes for global oat production.
- Oat phenology and adaptation.
- Cold, heat or drought tolerance in oats.
- Nutrient use efficiency.
